Staff Changes

We would like to take the opportunity to wish Miss Stock, science teacher, all the best in her new and promoted post from January at a school in Dorset. She will be greatly missed at Thornden, but we look forward to welcoming Miss Postle to the school who will take on most of Miss Stock's classes. We will confirm after Christmas who will be taking over Miss Stock's tutor group, 8SRIS.

Student Successes

Congratulations to James, one of our Year 10 students who recently achieved a merit award for his grade 8 trombone. He also got a merit for his grade 8 piano at the end of the Summer term.

Well done James. What a talented musician you are!

We are always keen to hear about success stories from our students, so please do get in touch if there is news we can share.

Talk Checklist

Over the past few years, the use and time spend on technology has increased. Sometimes this has been through necessity, for example online learning, or a way to keep in touch with others when we could not meet them in person. This has also led to a rise in apps and websites that provide online communities for children and adults to chat with one and other. Unfortunately, this can lead to young people being befriended by a stranger that builds up an emotional relationship with the intent to commit a sexual offence.

This week you will find a link to the Internet Watch Foundation with a checklist to help you keep your child safe online. It provides some more information about this topic and what you as a parent/carer can do to help your child:
