

Thornden School Newsletter

13th November 2026

Welcome - Ms Lowing (Headteacher)

Dear Parents and Families,

It has been a challenging start to this half term. I am usually very positive in our newsletters but, you are aware, that we have had some difficult issues to deal with.

The community continues to rally round after the events on Halloween. A sincere thank you to everyone who has been in touch to offer support. The students in school have been exemplary in the way that they have dealt with the news, and things have been, largely, as normal.

I have written to you about a spike of vaping incidents in years 9 - 11. Please do read this carefully and get in touch if you have any questions. We are determined to address this quickly and robustly.

Despite some real challenges we have still found reasons to be joyful at school this fortnight. I took the Head Students and the Deputies down to Eastleigh to take part in the Remembrance Day memorials. They represented the school beautifully.

We also had more than 100 people join our Diwali celebration! We had wonderful food, great company, dancing, music and henna. Thank you to everyone who came along

I hope that you have a lovely weekend and I look forwards to seeing you soon,

Caroline

Dates for you Diary

Event	Date	Information
Year 12 Certificate Evening	18/11/2026	
Year 8 Author Visit	18/11/2026	9am in school

Extracurricular Timetables and Updates

Please follow this link to our Extracurricular timetables.

All timetables are now available.

Artist of the week

This week we have four Artists of the Week. They are George H, Max A, Lewis G and Cass W from Year 9. As part of a collaborative group project in the Year 9 Photography rotation they used their own props as a team in a creative photoshoot using/considering the photoshoot 'five': lighting, angles, background, composition, content. This work was inspired by the artist Vanessa McKeown - excellent group work!

GCSE 3D Art and Design - LEAVERS 2026

This week we are showcasing some of our wonderful 3D Design GCSE pieces from Alex G, Layla W and Lucas W. All students worked in clay to create their lovely final pieces based on either Natural Forms or Portrait and Disguise.

At Thornden students can choose from 3D Art & Design, Fine Art and Photography GCSE. The course is 100% practical with no written exam.

Geography Adventure to Iceland-Mr Shepherd (Head of Geography)

We have recently returned from the Geography adventure to Iceland. What a fantastic experience we have all had. 93 GCSE students experienced the wonders of life on a tectonic plate boundary at the edge of the Arctic circle. On our travels we experienced the awe-inspiring beauty of the rift valley, and UNESCO world heritage site, Thingvellir national part, which is also home to the oldest parliamentary meeting point in the world. We scaled volcanic craters. We got up close and personal to some of the world's best waterfalls. We donned crampons and conquered a glacier whilst witnessing first had the extent of glacial retreat at the hands of global warming. Experiencing the heat and power of geothermal hot springs and geysers was the icing on an already pretty spectacular cake.

The students were a joy to go away with, and I hope that we have created memories and experiences that will last a lifetime.

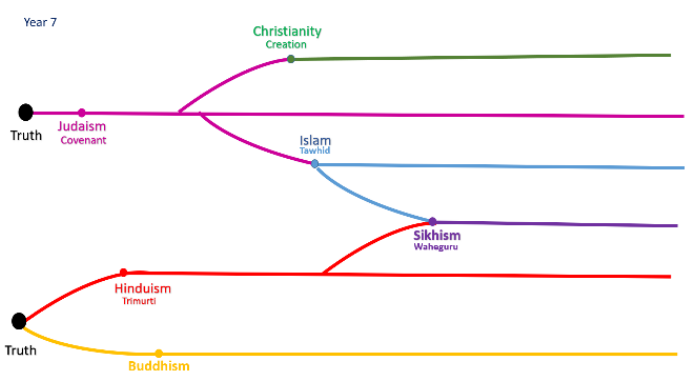

Department Spotlight

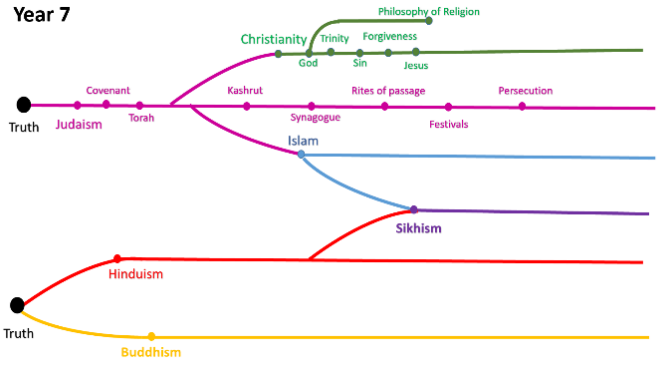

RS (Religious Studies) – Gill Heron

The RS Journey at Thornden

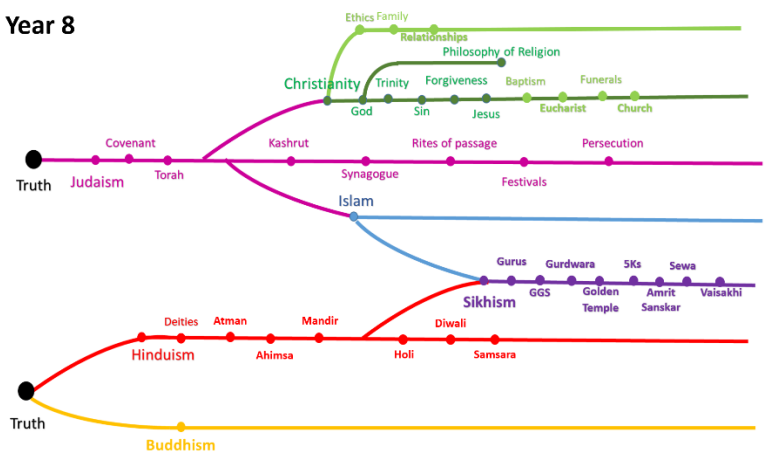

We have had a great first half term in RS. The **Year 7** students are settling into their RS journey at Thornden. They begin with our introductory unit entitled, 'The Search for Truth'. The students look at the concept of truth and what it means, before considering the different types of truth there are; scientific, historical, moral and for theists, religious truth. We then go on to enquire into a key religious truth from the six main world religions. These are the religions they will go on to enquire into, in more detail, during their RS journey at Thornden.

From the Spring Term Year 7 students begin to study their first religion in detail. We start with a study of the first Abrahamic religion – Judaism. As with every religion that we go on to study in detail, we look at a range of key concepts that lie at the heart of the Jewish religion. To enrich their study of Judaism, there is an opportunity for students to visit a synagogue and experience what they have been learning about firsthand. In the Summer Term Year 7 go on to study their second Abrahamic religion – Christianity, with a focus on some key Christian beliefs and the concepts behind them.

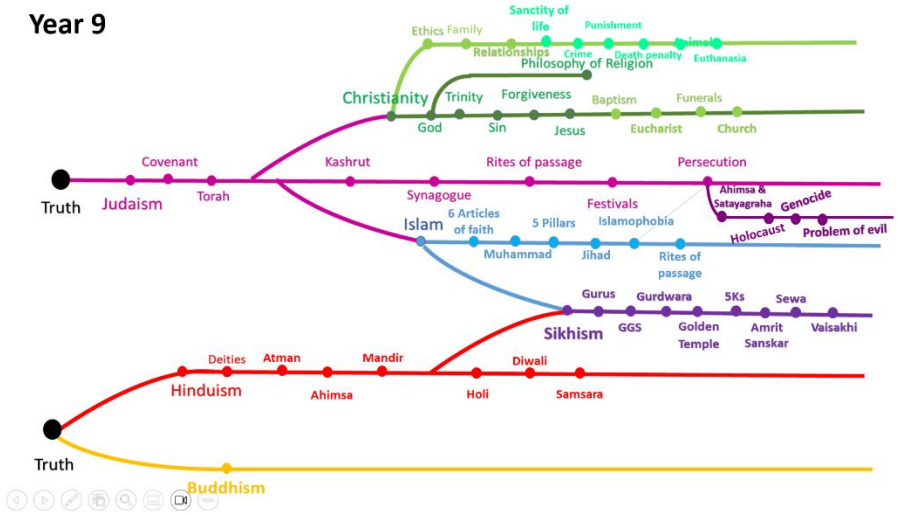

Year 8 begins with students building on the unit they studied at the end of Year 7 about Christian beliefs, by enquiring into how Christians apply their beliefs in their lives, studying a unit entitled Christian Practices. Having studied two Abrahamic religions, in the Spring Term of Year 8 students study their first Dharmic religion, Hinduism. To enrich their study of Hinduism, there is an opportunity to visit the Shree Swaminarayan Mandir in Neasden. Having studied two Abrahamic religions and one Dharmic one, students finish Year 8 by studying Sikhism in the Summer Term. It is an interesting combination of both Abrahmamic and Dharmic features. There is a further opportunity for students to enrich their study of Sikhism with a visit to a Gurdwara.

Year 9 is an important year for our students as they make their option choices, so in RS we support them in this by doing a taster of the 2 RS papers that make up the RS GCSE course. In the Autumn term they do a taster of paper 2 of the RS GCSE course. This paper is entitled 'Religious, Philosophical and Ethical Studies'. It involves studying religious and secular views about a range of different world issues so, in Year 9 they study a unit about the different perspectives and ethics surrounding issues, such as, the death penalty, animal experimentation and euthanasia. This is followed, in the Spring Term, by a taster of paper 1 in the RS GCSE course, 'The Study of Religions'. We study 2 religions for RS GCSE, Christianity and Islam, so in the Spring Term the students study their third Abrahamic religion, Islam. There is also an opportunity for students to visit Christ Church in Winchester and the Cathedral. In the Summer Term of Year 9 the students wrap up their Key Stage 3 journey in RS, by studying a unit entitled 'Discrimination and Persecution'. This builds on some of their earlier learning on Judaism and Hinduism, as well as giving them a taster of the Ethics and Belief units that are part of the Personal Development carousel at Key Stage 4.

Year 10 have been embarking on their RS GCSE journey this term and have made a great start to The Study of Religions Paper, as previously mentioned. They have already completed their unit on Islam Beliefs and are currently studying Islam Practices. To enrich their studies the students had the opportunity to visit the London Central Mosque and Islamic Centre, near Regents Park, just after half term. This was a great opportunity to see and experience firsthand what they have been learning about. Once we have completed our study of the practices in Islam, we will move on to study the second religion the students are required to study for Paper 1, Christianity.

Year 11 are currently working hard as they prepare for their trial exams. They have now completed three quarters of the RS GCSE course, having already completed all of Paper 1 - The Study of Religions, they have also completed the first two of four themes for Paper 2. These are entitled, Relationships and Families, and Religion and Life, both encompassing a range of issues. The students have started the third theme, Religion, Peace and Conflict however, since half term, we have paused to focus on structured revision, both in our RS lessons and for home learning. We aim to finish the course by the end of February which will give us a couple of months for structured revision before the final exams in early May. As the students finish the course we will be running our annual Year 11 RS GCSE Conference. This is when our Year 11 students have an opportunity to hear from a number of different guest speakers, from across the range of religions and issues they study as part of the RS GCSE course.

SETA Engineering Vacancies - Year 11
Please use link to view the weekly bulletin for Engineering Apprenticeship vacancies. As always, all vacancies are advertised on SETA's vacancy page on our website with links out to the appropriate websites for students to apply.

Pop back regularly to SETA's website to look for any new adverts, as well as the Government Apprenticeship Website.

Success at school - Live career webinars - Various dates in Dec/Jan for all years
Webinars including accountancy and the entertainment industry are currently available to book on this link.

Futures For All - Virtual work experience opportunities - Age 14+
Futures For All offer a wide range on virtual work experience for students. This is not intended to be carried out instead of the official one week work experience that students take part in but to be done in addition if students wish. Please see the attached letter and link.

British Army Careers Newsletter - All years
Please see attached newsletter for career opportunities in the Army. Sign up using our new website sign-up link here.

The Performing Arts Department is looking to borrow a number of items for our upcoming school production. All borrowed items will be returned in February once the production has finished.

We are currently looking for:

- A Santa sleigh
- Suitcases in a 1930s/1940s style
- A small armchair and footstool (they do not need to match)
- Faux fur coats

We are also looking for a large wardrobe. However, to adapt it for use on stage, we will need to remove the back panel, so unfortunately we cannot guarantee that it will be returned in its original condition.

In addition, if you have any lengths of dried bamboo that you no longer need, we would be very grateful to receive them.

If you are able to help with any of the above items, please contact the school.

FUTURES FOR ALL

Together we can fuel their future.

Welcome to Futures For All.

Dear Parent/Guardian/Carer,

We are very pleased to announce that your child's school/college will be working closely with Futures For All for the academic year 2026-27.

Futures For All is a **UK-wide youth charity** dedicated to helping students who attend state schools and colleges find their footing in life. Since our launch in 2010, we have supported more than 1.85 million young people to learn about careers and feel more empowered about their future.

From eye-opening **Work Experience** with leading employers to inspirational talks with high-profile **Speakers for Schools**, we offer highly effective ways for 11-19-year-olds to expand their networks and develop the necessary confidence, skills, and knowledge to become better prepared for the world of work.

Research shared by The Sutton Trust revealed that, despite accounting for just 7% of the pupil population, privately educated people occupy around 36% of 'top jobs' in the UK. Yet research has also shown that they do so with the same academic grades as their state-educated peers. At Futures For All, we believe that a young person's future should not be limited by where they live, the sort of school they attend, or who their parents know. We're all about giving young people from state schools and colleges fairer access to the opportunities they deserve at no cost to their school/college or to you.

That's why this year, we will work closely with your child's school or college to provide fully funded career-related activities for students.

Your Consent
To ensure we can support your child's application for work experience, we must obtain your consent. Please be prepared to support your young person at the stage in their application which asks for parent/guardian/carer consent.

We can't wait to help your child feel more confident about their future.

Warm regards, Futures For All

HAVE YOU THOUGHT ABOUT JOINING THE ROYAL LOGISTIC CORPS

SUPPLY CHAIN OPERATOR
You will play a vital role in the logistical support required by the Army. Food, weapons, equipment – the Army needs all kinds of supplies, all the time. It's your job to track, store and distribute stock - delivering everything needed on operations.

CHEF
Even the best locations and adventures would be meaningless without outstanding food services supporting our soldiers. You could be a part of the team whose role is a lot more than just food.

DRIVER COMMS SPECIALIST
Being a Driver Communications Specialist is all about teamwork, purpose and pride. As Driver Communications Specialists, you'll be trained to use radio and digital communications systems.

FOTS

Thank you to Nic, and why we need you more than ever
At our AGM on 9 November we said a huge thank you to our Chair, Nic Lansdowne, who stepped down after two years in the role on top of more than ten years with our second-hand uniform service. She's helped countless families and raised many thousands of pounds for the school along the way.

Thornden's Parent Teacher Association
FOTS PTA

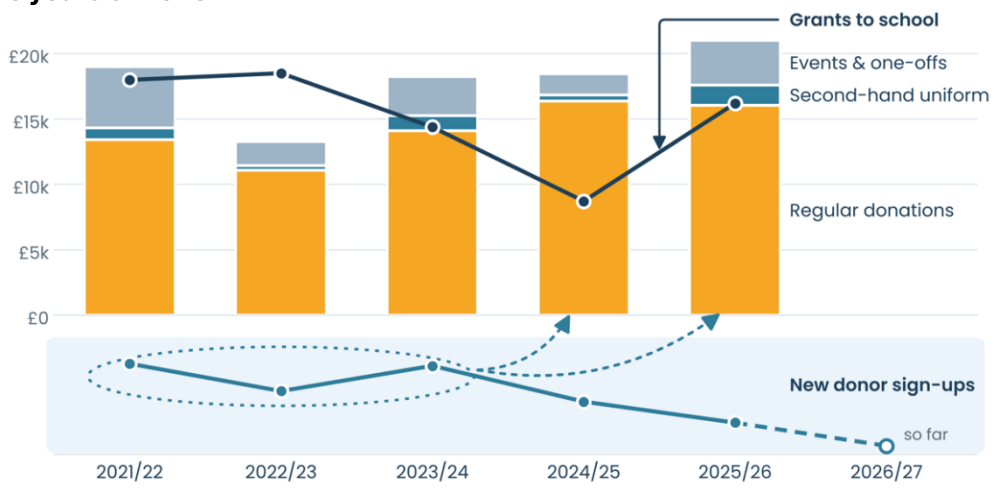

Could you be our new Chair? We'd love some nominations for this vacancy

Full support is available from our small & very friendly committee

The FOTS year at a glance:

- £16,206 Funding given in response to bids from school
- £1,500 A new branded events gazebo for use by any team, club or group
- £1,530 From second-hand uniform sales (the best in at least five years)
- £1,058 Waitrose green token scheme + our best year yet from easyfundraising

The last 5 years of FOTS:

Some figures have been moved from the published accounts into the year they relate to (returned grant money and Gift Aid).

Tougher times are coming while our donor numbers are falling
As well as fund requests from school, we've been building reserves towards the Big Idea. Since Year 7 joining packs went digital, fewer new families are signing up to donate, and this is storing up potential trouble for the future. At the same time, school funds continue to come under increased pressure especially when e.g. new policies on phones may not be funded, so please **consider making a regular donation**

How you can help
If you could spare a little time, whether as our new Chair or helping out now and then, please email us fots@thornden.hants.sch.uk. If you're not already a regular donor, could you spare the price of a couple of coffees each month? You can sign up here

Year 7 Technology Christmas Fayre-Mrs Coles (Head of Design and Technology)

Get into the festive spirit and join us for our Year 7 Technology Christmas Fayre on Wednesday 2nd December - 3.00 to 4.45pm.

On Tuesday 1st December, our Year 7 students will become Santa's elves for the day, busy preparing a wonderful range of handmade festive products ready for sale at the Fayre. Students will be creating delicious Christmas cupcakes and biscuits, festive tree decorations, unique Christmas gifts, and much more.

The Fayre will take place on Wednesday 2nd December in the School Canteen from 3.00pm to 4.45pm. There will be plenty of festive fun, including a Lucky Dip, Jam Jar Tombola, Raffel, games and lots of other exciting stalls.

We warmly welcome students, parents, family and friends to come along and support our talented Year 7 students while enjoying a festive afternoon.

Important Payment Information
To help the event run smoothly, no cash will be accepted on the day. Purchases can be made using a payment card purchased in advance via Arbor.

We look forward to seeing you there and celebrating the creativity, teamwork and entrepreneurial spirit of our fantastic Year 7 students!

Thornden Sport- Miss Hall (2nd in PE)

Achievement

Netball

Well done to Edie, Year 8, who was successful in the trial process and has been accepted onto the U13 Hampshire Player Development Programme for 2026-2027. A great achievement after a lot of hard work. Well done!

Rugby

4 Year 11 students have recently been selected for the U16 girls England RFU Player Development Group for 2026. This is the second year running for these girls! Well done to Katie, Amelia, Eleanor and Sofia.

Water Polo

During half term, Amélie, Year 11, attended a water polo trial in Bristol, and recently found out that she's been selected for the Southwest U16 Water Polo Talent Centre, part of Swim England's national talent pathway.

Only up to 250 players aged 13–16 are selected across England!

The programme involves nine months of elite training, finishing with the National Talent Games, where the six Talent Centres compete against each other. It's also an important stepping stone towards the U/18 National Squad and potentially Team GB.

A fantastic achievement Amélie that you have been working hard for. Well done.

Taekwondo
Following her brilliant medal-winning run at the British National Championships, Diana, Year 9, has continued her remarkable momentum across both domestic and international circuits.

She first led on home turf, claiming Gold at the Aquila Open Championships in London.

Diana then took to the world stage at the Dracula Open in Romania, an elite event welcoming competitors from 72 nations across five continents. Facing top-tier global talent, Diana delivered three incredible wins against very strong opponents from Italy, Belgium, and Germany. She followed with an absolute warrior performance in a very close final against an Israeli national team athlete, securing a well-deserved silver medal and earning crucial ranking points toward her European standing.

We are exceptionally proud of your achievements, Diana!

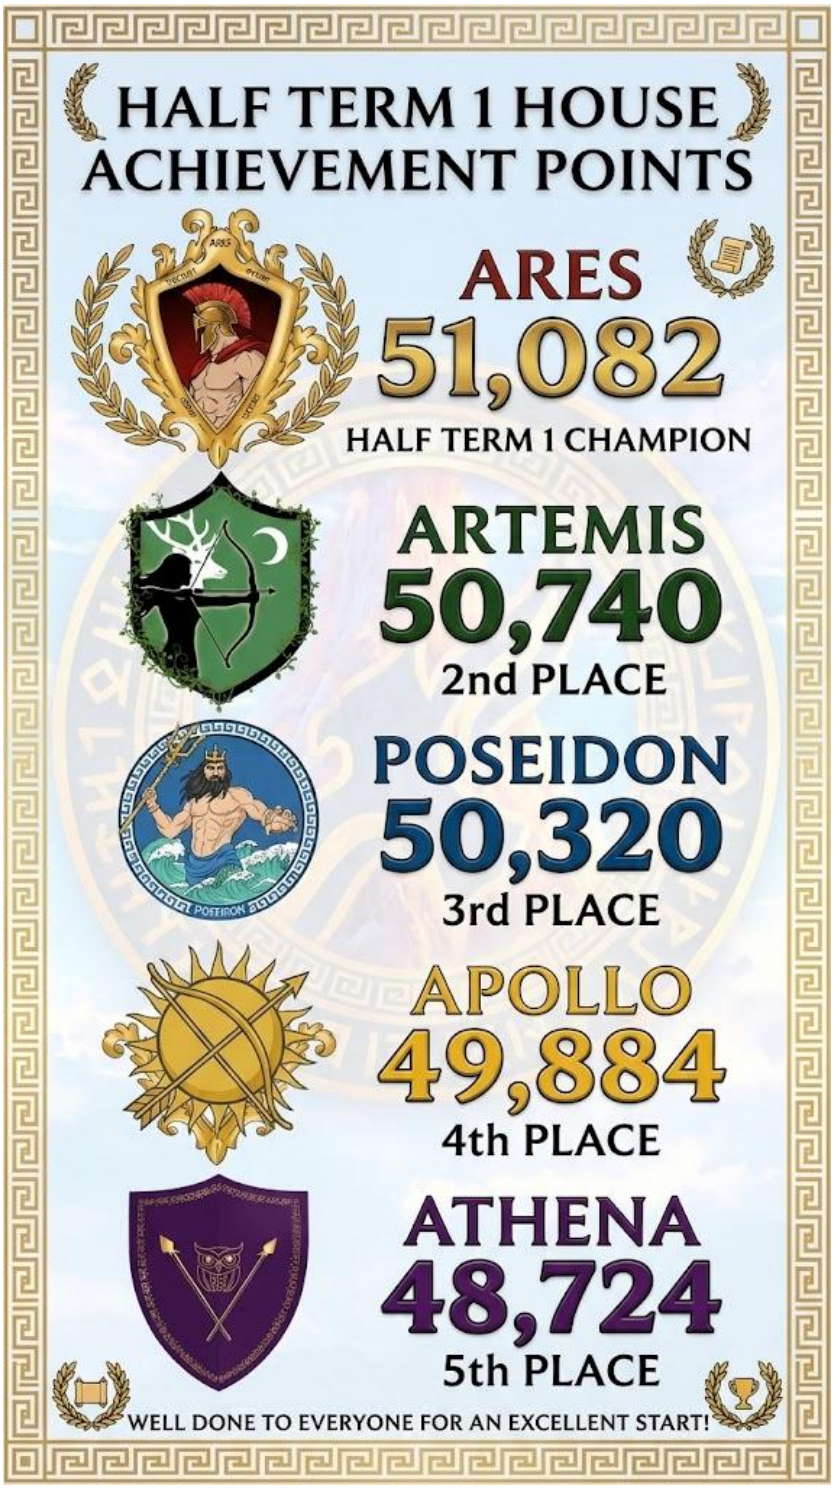

Gymnastics
Well done to Rita and Katie who just recently travelled to Crewe, along with 3 other members of their team, to take part in the Mezzo Cup Finals Team Gym event. The team nailed their routine and came away winners! Well done to all involved.

We are always very keen to hear about success stories from our students outside of school, so please do get in touch if there is news we can share. For any sporting successes, please email Miss Hall, Second in PE: s.hall@thornden.hants.sch.uk

Social Media
At Thornden we have an Instagram page, which serves as a platform to enhance communication and celebrate achievements. This page highlights the dedication, success, and spirit of our students. We warmly invite parents to follow us: Thornden Sport Instagram.

@THORNDEN_SPORT

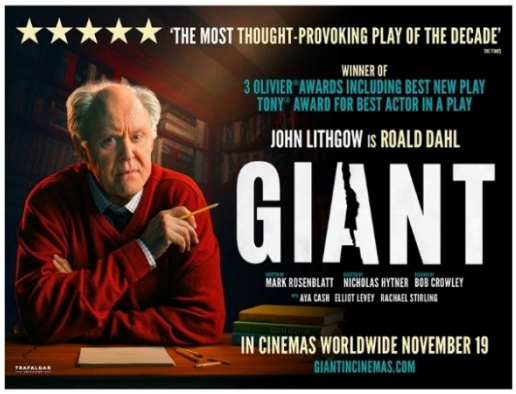

Weather

The weather is getting colder but we still want to encourage students to go outside and get fresh air and run around for their wellbeing. Students are only allowed inside the building if it is raining or if they are visiting the canteen, the library or a club. Please can you ensure that students have an adequate coat to enable this to happen? If there are any issues with affordability then please do get in touch.

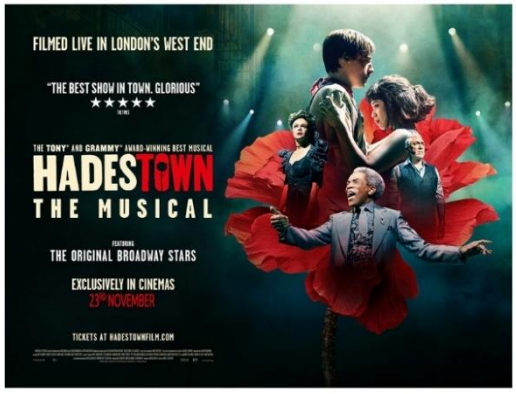

Thornden Hall

Thornden Hall is a high quality performing arts centre, located at the back of Thornden School

Serving both the school and the wider community hosting a variety of events including:

- Live theatre performances
- Concerts
- Cinema screenings
- Community and professional productions.

The venue is well-equipped and designed to support a wide range of artistic and cultural activities

Please click on the image to access our Ofsted Report and Good School review.

Highlights from our Ofsted report:
"Pupil's achievement is exceptional ...Lesson are purposeful and highly effective. Pupils recognise the rapid progress they make. This motivates them to participate fully and benefit from the expert teaching they receive."

"Pupils recognise that they know and remember more over time. This success breeds a culture of excitement and pride around learning and achievement."

"Inclusion is at the heart of the school"

"Pupils describe the school as a friendly community and as a place where they belong"

"... it is now a place where individuals are nurtured, and ambition and kindness go hand in hand"
