

Life Beyond Thornden

Please see the tables below, which show a summary of the last few years of careers destinations for students in Year 11. Students in the other category may have relocated to other countries or decided under data protection rights not to submit their data. As you will note the vast majority of our students move on to either Sixth Form Colleges or Further Education Colleges and there has been a similar pattern for a number of years.

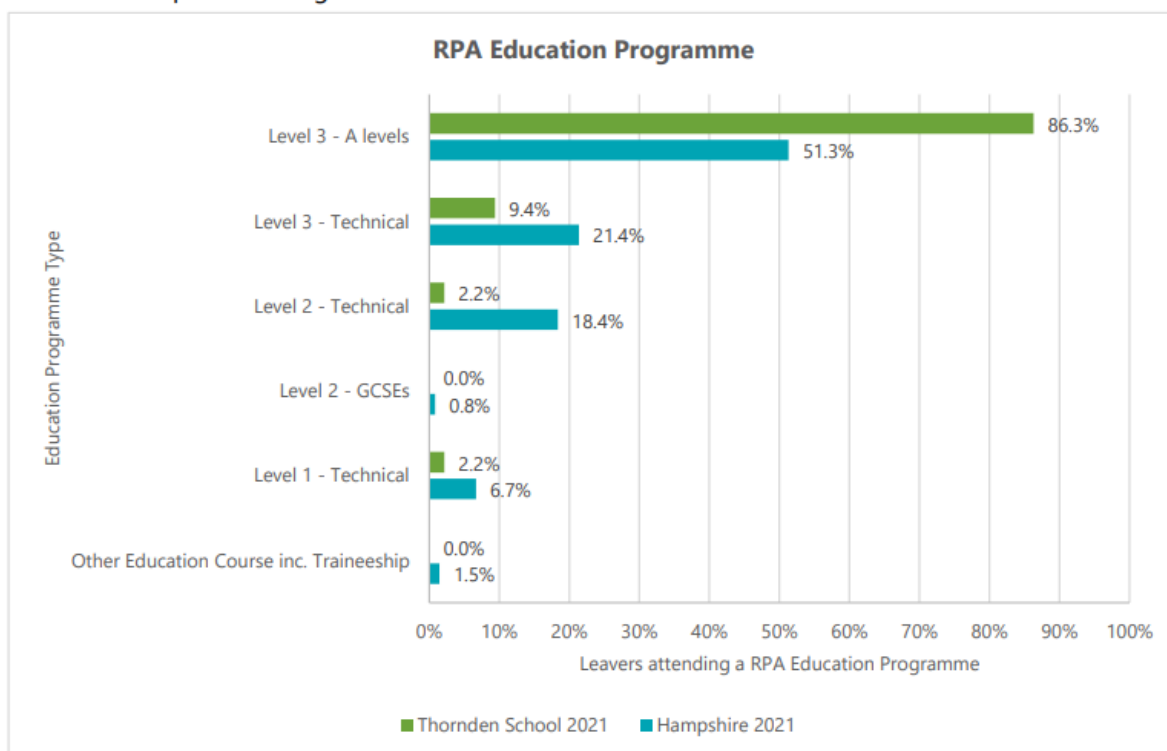

RPA situations are grouped into five categories, seen below. The Situation Category table in the glossary on page 5 defines each category. The graph below shows that there is a larger percentage of Thornden School leavers moving to an education programme ('Sixth Form College/School', 'FE College', 'Other Ed inc. Traineeship') than the Hampshire average, but a smaller percentage moving to a training situation.

Thornden School

Leaver Year	2017	2018	2019	2020	2021

There are different types of education programmes. The bar chart below shows that a higher percentage of education programme leavers from Thornden School moved on to study a Level 3 programme than the Hampshire average. A lower percentage moved to Technical programmes than the Hampshire average.

The table below shows the actual numbers of young people in each programme type. Where fewer than five people are recorded the information is withheld and replaced with '-'.

Where are they now? (or you!)

We are always very keen to hear how our former students are getting on, either in their education, sporting or musical successes, or in the future lives. If you are happy to share and pass on this information, we would be delighted to receive it. If you are happy and available to share your pathway and successes with our current students, this will also be greatly received. Please contact the school with this information.
